

## ENGINEERING EXPERTS

For over 37 years Engineering Associate Services has been supporting law firms with their litigation.

We have extensive trial experience, including Industrial Asbestos cases.

The latest computer technology is utilized to recreate and resolve accidents and or misapplication of products.

EAS utilizes its expertise in organizing case documents into an easy-to-use computer presentations for trial use.

Let us shed some light on your case.

# About EAS

Engineering Associate Services has been supporting the Private & Commercial industry for over 37 years.

Founded in 1974, EAS has established its reputation by providing quality engineering and related technical services in a manner that consistently exceeds client expectations.

Coast-to-coast: EAS has experienced personnel throughout the country.

## Michael B. Plunkett, PE

Mr. Plunkett has been performing expert witness services for over 37 years. He is recognized as one of the few experts in the power plant industry. He founded his mechanical / structural consultant engineering firm in 1974. Mr. Plunkett has ongoing consulting activities with most of the major US Utilities, AE firms, including the Nuclear Regulatory Commission (NRC), Environmental Protective Agency (EPA), and the Department of Energy (DOE).
